## Spring 2020 Prayer Letter

**The VIRUS has not stopped God's Work!**

**Ministry Architecture continues to receive requests  
to minister in Christ's Name.**

### **Guatemala**

Children in several poor villages near Antigua Guatemala need a new school. Right now some of their classrooms are adapted bedrooms. "Light of the World" ministry has requested the help of Ministry Architecture to design a new school on land they just bought. Our Board of Directors reviewed and prayed over their application and approved it as appropriate for us; we will begin right away with conceptual planning. **Colegio Luz del Mundo (Light of the World)** will serve to improve the lives of over 200 students with Christian education in pre-K through high school.

---

### **Financial Support**

**Can you help us?** We are grateful for your faithfulness in prayer and in giving. Especially during these difficult times, your support has encouraged and sustained us—your prayers and contributions are still needed. Can you make a secure, on-line, tax-deductible contribution? Just follow the directions at our website: [www.ministryarchitecture.com](http://www.ministryarchitecture.com). Or mail to us at: 1904 South Union Place, Lakewood, CO 80228. Thank you for your needed prayers and loving encouragement!

---

## Uganda

The pandemic has caused considerable disruption. Schools are still closed, boda-boda motos are only transporting packages, not people, and the food shortage is causing a desperate situation. Our architectural work has slowed but is continuing with plans for the **Military Chaplains' Training Center**.

---

## Architectural Intern

A senior university student in Guatemala will join us. We love to teach and disciple and are grateful for the Lord's provision of a responsible intern. Her help in CAD drawing, research, and architectural thinking is needed.

---

## Annual Fundraiser

Although COVID-19 has not stopped us, it has led us to consider alternative ways to present our annual fundraiser. Our son, Joel C. Rosenberg, is scheduled to speak for us on **October 1st**. In consideration of the health and safety of our supporters, we are considering a "virtual fundraiser." We think that might be the best way to adapt to the current pandemic conditions. More details will follow.

---

## Cambodia

A new **Surgery Center** is being planned. It will be near Phnom Penh and will serve the fast growing community with excellent care. We will be an essential and experienced partner in the planning and design process.

**Thank you for your prayers for us.  
May God bless you and be your Guide.**
