

Russia, October 30 - November 10

YWAM evangelists travel by snowmobile and minister to indigenous people who herd reindeer in the far away land of northern Russia near the Arctic Circle. Some travel 1000 kilometers in treacherous conditions. In the remote villages they have several churches but few trained pastors.

To meet the need for Bible training, YWAM Russian Christians have acquired a 20-acre former Communist Youth Camp in Kamchatka, the huge peninsula beyond Siberia. We love that they will have a modern campus for teaching the love of Christ at a facility once used for teaching atheism to children.

Len will meet with the leaders of the Kamchatka project, inspect the site, take measurements, and photo document the condition of every building. He will develop a master plan for an adaptive reuse of the entire site and also redesign camp buildings to be used for training, discipling, youth ministry, and community Bible studies.

Mary Jo will give three teachings on Biblical marriage.

Existing former Communist training
camp will be transformed

First building for adaptive reuse

Our prayer needs:

1. Russian approval of our visa application.
2. Money to help us with the travel expenses. Your contributions are tax deductible.
3. Health: We both use CPAPs for sleep at night. So our medical equipment will go with us. Then, in Jerusalem, we will rent oxygen concentrators because of the altitude. It is a lot to travel with. But we keep going because God has called us, trusting "*He who has called us is faithful and He will perform it...*" (1 Thessalonians 5:24)
4. Receptive hearts and minds during Mary Jo's Bible teaching to Russian people.

5. Patience and endurance during a long, long, very long travel = 10,749 miles. Kamchatka is in a time zone 18 hours from Denver. We will leave home on October 30 and arrive on November 1st.

Israel, November 10 – November 24

Thanksgiving Day in Jerusalem. From Russia we will go to visit with Joel and family. Praying for the peace of Jerusalem and the Jewish people of Israel.

A Snapshot of Current Projects

1. **Mbita Point, Kenya** - Adding facilities to a Christian camp we designed ten years ago.
2. **Uganda** - Continuing with drawings and planning for military chaplains' training center. Also have planned two ministry houses and a children's center.
3. **Haiti** - Construction is in progress for the school and church we designed.
4. **Alaska** - The YWAM Conference Center plans are complete and construction will begin soon.
5. Our summer intern from Honduras, **Andrea Salgado**, is doing very well generating the computer drawings for the Uganda projects.
